CeMAT

With the tagline “**Smart Supply Chain Solutions**”, CeMAT 2016 will present solutions and ideas for bringing intralogistics into the age of Industrie 4.0. At CeMAT you can discover innovations, products and trends such as the cloud, apps and Big Data, all designed to put the “smart” into “Smart Supply Chain”. The display category **Logistics IT** puts a special focus on displays of efficient logistics software and integrated systems for automation processes.

Find out for yourself what opportunities **Smart Logistics** offers for your business – at CeMAT 2016!
